

icotronix - Premium Distribution Partner

Industrial connector solutions

TKD and Icotronix - Partner for your servo drive solution

TKD offers its customers decades of experience in the design of servo cables, as well as a strong awareness of quality and the environment. Our portfolio is complemented by Icotronix, as a strong partner for circular connectors for servo drives.

Icotronix specializes in circular connectors for servo drives. The company is located in Aiterhofen, Bavaria. Founded in 2016 by ambitious connector experts with decades of industry experience.

Modular system

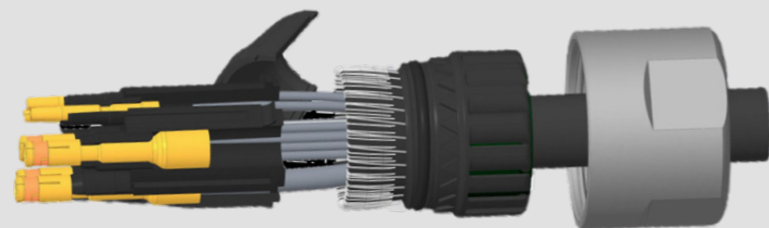

Innovative, patented solutions

We take connection technology to the next level.

Proven shielding system

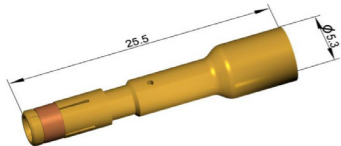

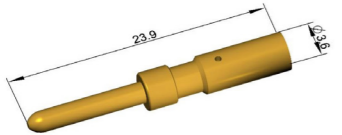

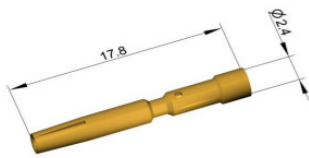

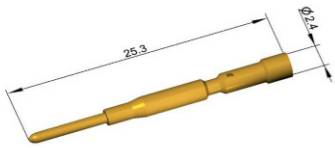

Innovative shield system with **360° cable shield**.

Less parts because **integrated distance sleeve** on the insulating body.

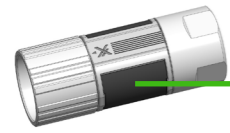

We provide the expertise to safely and reliably connect for a faster, smarter and sustainable world.

The Icotronix Portfolio

Product	TKD part no.	Icotronix part no.	Description	Clamping range/ type in mm	Other clamping ranges in mm
	Immediately available from stock		Immediately available from stock	Short term orderable	
	6507418	A1AF2412BNNNN500	M23 SIGNAL 12-pole with SCREW CLAMP RING	6,5 - 10,0	Ø 3,5 - 5,0 Ø 5,0 - 7,5 Ø 9,0 - 12,5 Ø 14,5 - 16,7

Customized solutions

We are also happy to realize an individual solution, such as:

Customized color/ logo

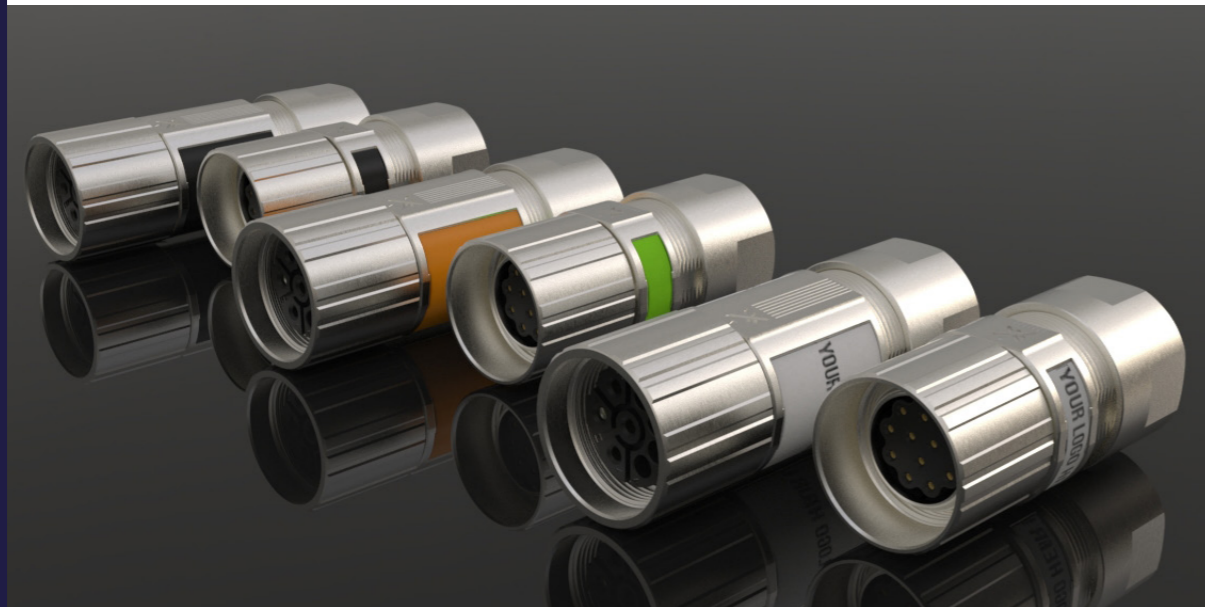

State of the Art receptacles

The new receptacles are, thanks to the **ultra-compact design**, the **most compact** on the market and up to 330° ROTATABLE.

Length: 55,3 mm

Height: 32,1 mm

Rotary: 330°

Plug it - Play it - Trust it

UL		FILE No. E514668
VIBRATION TEST		DIN EN 60068-2-6:2008-10
SHOCK TEST		DIN EN 60068-2-27:2010-02
DUST PROTECTION TEST		DIN EN 60529:2014-09
WATER PROTECTION TEST		DIN EN 60529:2014-09
DERATING TEST		DIN EN 60512-5 2:2003-01
INSULATION RESISTANCE		DIN EN 60512-3-1:2003-01

According to the above standards

Available to order in addition to stock

The power connectors can also be ordered in the 9-pin version in all terminal ranges.

The flange sockets are also available with a flange size of 28x28mm both for power and signal.

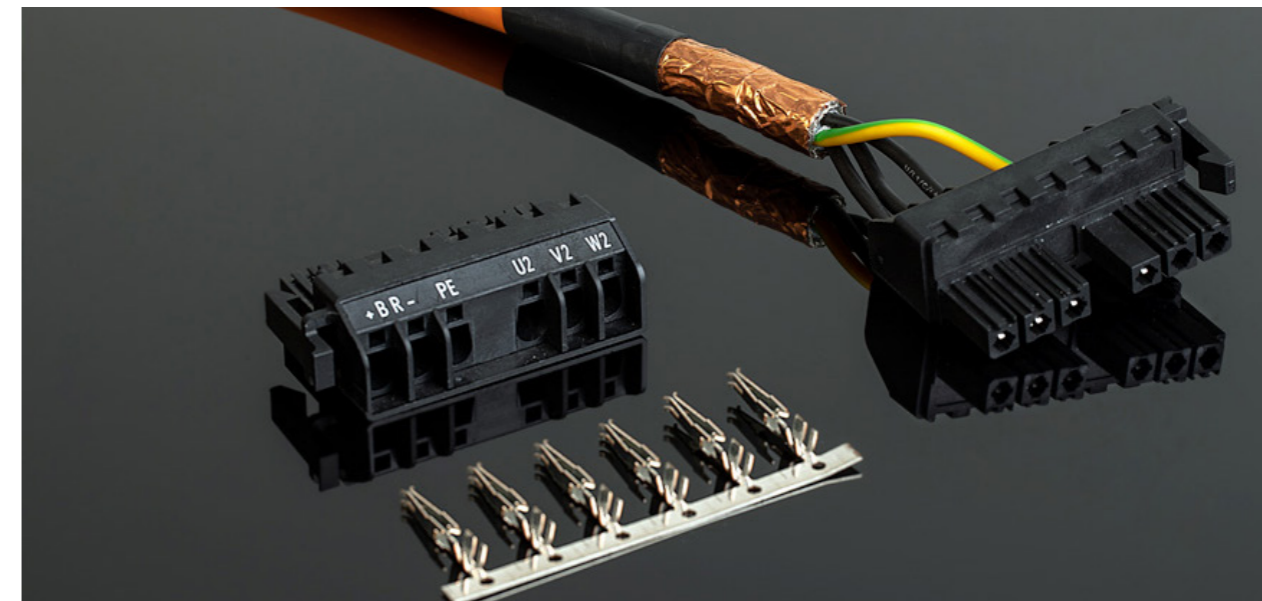

NEW

M40 series - power 6/8/9 pole.

Siemens S120 connector with screw and crimp connection.

Crimp tool for the contacts of the signal and power connectors.

TKD
an INFINIT® brand

About Infinite Electronics

Infinite Electronics has a global portfolio of leading in-stock connectivity solution brands. Infinite's brands help propel the world's innovators forward by working urgently to provide products, solutions, and real-time support for their customers.

Backed by Warburg Pincus, Infinite's brands serve customers across a wide range of industries with a broad inventory selection, same-day shipping and 24/7 customer service. Learn more at infiniteelectronics.com.
