

High Voltage Connection System

Reliable and efficient transmission of electric power

Features

- Compact design
- Full validation (Automotive)
- 360° screen connection
- IP6K9K
- Compatible with Single-core Standard / FLEX cables, and Multi-cores
- Precoated thread
- Vibration performance according to ISO
- Improved sealing concept
- RoHS 3 compliant

Benefits

- Easy integration into existing HV equipment
- Shorter installation time
- Reliability over lifetime in harsh conditions
- Top electrical performance for conductor and shield
- Increased freedom and flexibility to route cables
- Reduced time-to-market

USPs

- Up to 50% space saving compared to plastic connectors
- Off-the-Shelf Solution
- Available with 3rd party connectors as modular cable assembly
- Suitable for on-road as well as off-road conditions
- Conformable to mHVDU
